

CX10 is easy handled instrument for vibration measurement and bearing control.

Technical Specifications

Input Sensitivity: 100mV/g at 156,15 Hz

Vibration

Measuring Range: 0-200 mm/s rms or
0-20 in/s rms

Frequency Range: 10-3200 Hz
Option: 2-3200 Hz

Bearing Condition

Measuring Range: 0-20 g
Frequency Range: 3200-20000 Hz

Battery Capacity: approximately 500 measurements

Battery Type: Alkaline 9V, 6F22, PP3 or similar

Size: 120 x 60 x 25 mm

Warranty

Instrument: 5 years

Accelerometer: Life Time Warranty
